

Dear Parents & Carers,

The online world is posing an ever-increasing risk to children and it is important that schools, parents and carers work together to take an active role in teaching children about online dangers and how to act safely when using the internet.

We are therefore delighted to announce that we have worked with National Online Safety to deliver an interactive online workshop for all our parents & carers.

The course can be taken at your own convenience and covers:

- Information about online dangers and the newest platforms
- What online risks to look out for and how to protect your child

Please find below the URL you need to visit to register your account. You will need to complete your details and select "I am a: Parent/Carer" from the dropdown:

<http://nationalonlinesafety.com/enrol/langley-first-school>

Alternatively you can scan this QR code

Once you have registered, you will be able to access the "Online Safety for Parents and Carers" course and National Online Safety's Resources (which includes a wide range of online platform guides on the latest social media channels and games). This aims to help empower parents with the knowledge to protect their children from the dangers of the internet.

Those parents and carers who complete the course will be entered into a prize draw to win a £30 Amazon voucher!

If you have any questions, or trouble accessing the course please contact support@nationalonlinesafety.com

Yours sincerely,

Mr Mitchinson
